Interschool Visit
Students from Palinyewah Public School attended an activity day at Pooncarie with students from School of the Air (SOTA). It was a wonderful opportunity for all students to get together for a fantastic variety of learning activities. Students were also provided the opportunity to socialise and interact with students from other schools. YANCO Agricultural College staff and students also attended the day, providing students with some outstanding learning activities, including drumming, science, fitness and music. Their expertise and ability to work positively with students of all ages was impressive.
Thank you SOTA and YANCO!
Toy Library
Toy Library will visit Palinyewah Public School on Tuesday 26th May. If you have young children who are pre-school age, please come along and join in. If you have any questions about the service provided and what to expect, please call the school and we will be happy to help.

Palinyewah School Plan
As you may be aware our new school planning period for 2015-2017 is well under way. This is a time of exciting change and improvement in education. The school community has spent a great deal of time and effort planning for the needs of our student population for the next three years and beyond. A copy of our complete school vision statement is included below. The school plan is available on our Palinyewah School website for you to read. Please contact the school if you need clarification of any elements within the school plan.

We are committed to nurture and challenge students’ intellectual and imaginative capabilities in a progressive and diverse learning community that is dedicated to delivering quality education.

We care for students with genuine respect, enlightened discipline and sensitivity. Student wellbeing is important and every student is valued and provided a safe, supportive and respectful environment in which to grow and develop.

We strive to maximise student potential and prepare students for future learning and beyond where they are empowered to contribute to society with fairness, tolerance, integrity and knowledge.

Palinyewah School Park
Thank you to Mel Strachan and Terry Kassulke for fixing the sprinkler system in our School Park. We take great pride in our school and surrounds and it is wonderful to see the lawn green and inviting for visitors and the community. Your time and expertise is appreciated.

Happy Birthday!
Ziggy Pidgeon – 23 April
William Bertalli – 7th May
