| We are committed to nurture and challenge students’ intellectual and imaginative capabilities. | Palinyewah Public School is a small rural school located on the Darling river, forty five kilometres north of Wentworth. Mildura is our closest large centre which is located seventy kilometres from the school. Palinyewah Public School services the surrounding farming community located to the north of the school location. Palinyewah Public School is classified as a P6 school with one teaching Principal and various part time support staff and teacher. The school has one multi-stage class, supporting eleven students. Providing quality educational experiences in a small rural setting is a priority, where meeting the individual learning needs of students is paramount. Strong community relationships are an important aspect of the school with a high level of community consultation and involvement. The school culture is positive with students and parents alike taking great pride in their school. Our school community values education and enjoys regular parent contact and feedback. | To inform our planning for 2015 – 2017 parents were involved in processes to provide ongoing, regular and authentic feedback using a variety of strategies, including formal and informal procedures. Parents were invited and attended information/sharing meetings. During these meetings consultative practice was in place where parents had meeting agendas prior to meeting times and all ideas were valued. Parents were also invited to provide feedback and offer ideas using surveys and school based response questionnaires. Outcomes of this communication resulted in the development of the following strategic directions:  
* High Expectations, Quality Learning  
* Quality Teaching, Building Capacity  
* Community Partnerships |
Purpose:
To provide a high standard of education, with a holistic focus by delivering excellent and progressive teaching and learning opportunities for all students that inspire personal growth and achievement.

Purpose:
To provide excellent teachers who are committed to identifying, understanding and implementing quality teaching programs with an emphasis on evidence based teaching strategies. To promote a school culture where continued improvement and excellence are valued and supported.

Purpose:
To embed community and school network support of our students with a focus on equity, wellbeing and inclusive learning opportunities. To work together as a learning community to ensure our students achieve their personal goals and lead successful lives in the 21st Century.
### Strategic Direction 1: High Expectations, Quality Learning

**Purpose**

Why do we need this particular strategic direction and why is it important?

To provide a high standard of education with a holistic focus, by delivering excellent and progressive teaching and learning opportunities for all students that inspire personal growth and achievement. To ensure that learning is personalised and differentiated for every student.

**Improvement Measures**

- The school has an explicit, coherent and sequenced policy for curriculum delivery and assessment and reporting focussing on improving outcomes for students.
- All students achieve their negotiated personal learning goals.

**People**

How do we develop the capabilities of our people to bring about transformation?

**Students**

Develop the mindsets and capabilities of our students to analyse their overall learning progress and performance, to make informed judgements about their success and resulting pathway in their learning journey.

Understand the purpose of assessment and related learning needs to identify and articulate individual needs.

**Staff**

Highly skilled staff who embrace progressive and quality educational practices to make student learning engaging, authentic and valuable.

**Parents**

Engaged parents who are informed of the learning direction and progress of their children.

**Processes**

How do we do it and how will we know?

**Students**

Establish structures and procedures that include students in prioritising educational goals and promote self-motivated learners who value their education.

**Staff**

Professional development opportunities for staff focusing on personalised and differentiated learning for every student.

Encourage and establish a mindset that great learning happens differently for different individuals.

**Parents**

Establish regular schedules for parent involvement in curriculum planning and providing feedback.

**Evaluation Plan**

The implementation and evaluation of the plan will be monitored and evaluated through the ongoing milestone process as well as student achievement of learning goals.

**Products and Practices**

What is achieved and how do we measure?

**Product**

- The school has an explicit, coherent and sequenced policy for curriculum delivery and assessment and reporting focussing on improving outcomes for students.

- All students achieving their negotiated personal learning goals.

What are our newly embedded practices and how are they integrated and in sync with our purpose?

**Practice**

Curriculum programs and teaching practices effectively develop the knowledge, understanding and skills of all students, using evidence based teaching practices and innovative delivery of content.
## Strategic Direction 2: Quality Teaching, Building Capacity
